isbn:9780786417582

This anthology of critical writing on St. Nicholas includes the most influential articles already published and newly commissioned essays on a variety of subjects, including the impact of the St. Nicholas league, the utopian thrust of the magazine's fiction, and how Dodge persuaded Kipling to become a children's writer. Essays also analyze Dodge's relationship with her readers, her editorial practice, the illustrations, American family life as seen by young British readers, war and military life, advertising, and the middle class preoccupation with "change of fortune" tales. The work places St. Nicholas in American cultural history, and analyzes how it both influenced and was influenced over 30 years.
