Setting Yourself Free to BelieveWe do not live in an age of disbelief but in an age of doubt. After many years in the parish ministry John H. Heidt has found that few people do not have some kind of belief in God. But a great many peopleinside and outside the churchare uneasy about believing too much or too strongly. They take all sorts of other things in life for granted but when it comes to religion they are skeptics. This book is written for all those who would like to believe in something definite but are afraid to do so. It does not try to argue anyone into belief but sets out to convince the reader that it is all right to believeand specifically to believe in the traditional teachings of Christianity.
