Hungarian is spoken by approximately ten million people in Hungary and by an additional three million people throughout Eastern Europe, the United States and elsewhere in the world. Hungary, and particularly Budapest, is rapidly becoming one of the most popular destinations for travellers. This dictionary and phrasebook offers the essential vocabulary that English speakers will need while visiting some of Hungary's 1000 hot springs and 1500 castles. The phrases are complemented by practical information such as why you should bring shopping bags to the supermarket or how to get in touch with the 'Yellow Angel'.
