There's something new on the sudoku scene - and it's bound to capture the attention of word lovers. Wordoku follows the same basic principles as sudoku, except that solvers fill the grid with nine letters. Under each grid, the letters for that puzzle appear.

Then, just like the original, you have to arrange them so that every letter appears in every column, every row, and every 3X3 box just one time: anyone can do that! It's a great way to relax, with this handy book that slips easily into a handbag or pocket - it is packed full great puzzles that will flex those intellectual muscles over well deserved coffee breaks.
