isbn:9780912177168

This title contains book & CD. This book contains Speed Count, the easiest advantage blackjack method ever developed for the general public. It will forever change the way average players play blackjack. If you are an average blackjack player wishing you could get an edge at the game without all the hard work of learning how to count cards with difficult existing systems. If you have tried card counting and found it too difficult, time consuming or impossible to master. If you want to have fun when you play and not have to do the laborious job of using a traditional card counting system. Then this book is for you! The easiest advantage-play method ever created for blackjack is now available in this book...Speed Count. Maybe you have heard of card counting at blackjack, or even tried it. Blackjack books all say how easy it is, and at first glance it might seem simple enough? Just add numbers, subtract numbers, then divide numbers, and maybe multiply numbers, then keep track of the total. Then calculate how much you should bet. And then also memorise 18 to 200 or more changes to basic strategy according to the various counts. Then try not to have the casino bosses know you are counting cards and changing your strategy based on the count. Whew! That's a lot of work! Introducing the revolutionary Speed Count, the easiest advantage blackjack method ever developed and now available in print for the general public!
