Imagine sitting beside a world-class bridge player and being able to listen to his thoughts as each hand develops? You can't help but improve your own game! Every hand in this fascinating book comes from actual play; many of them are taken from the author's own experience in world-level competition. Fred Gitelman believes that there is something to be learned from every bridge hand, whether you are a novice or an expert, and he proves it here. Just as fascinating as the bridge, however, are Fred's observations on his partners and opponents, who range from world champions to famous amateurs like Bill Gates and Warren Buffett.
