

Modern Constructive Bidding

[Modern Constructive Bidding_ 下载链接1](#)

著者:Miles, Marshall

出版者:Master Point Pr

出版时间:2005-9

装帧:Pap

isbn:9781894154994

The logical follow-up to the author's best-selling Competitive Bidding in the 21st Century, this book deals with the latest expert thinking on constructive auctions at bridge. As usual, Miles' ideas are cutting edge, and not everything he recommends will appeal to everyone. However, also as usual, he challenges his readers to think and question what they are currently doing, and convince themselves that it is indeed the best approach.
