This coffee-table art book is one-of-a-kind. From hundreds of portrayals created over centuries by celebrated artists, such as Cezanne, Picasso, Munch, Leger, de la Tour,

Remington, and Neiman, the best 120 were chosen to appear in this provocative visual documentation of the evolution of gambling. Much more than a compilation of subject-specific art, this book offers a scholarly look at the history of gaming. Each image is accompanied by a facing page of text, providing readers with a thumbnail sketch of the artist, then zeroing in on the image itself. The renderings, as seen through the artist's eye and preserved on canvas or in stone, serve as a form of 'photographic' chronicling that weaves a history of gambling through the ages - for the benefit of art lovers and gambling enthusiasts alike.
