出版时间:2002-3

装帧:Pap

isbn:9781894154420

Squeezes are an aspect of bridge declarer play that many intermediate players think they will never grasp. Yet while squeezes can be extremely complex, the basic principles of squeeze play are not. This is the first comprehensive book on squeeze play since Clyde E Love's classic 'Bridge Squeezes Complete', and much more approachable. Using the same straightforward, conversational style with recaps and quizzes that characterised the 'Bridge Technique' series, this book will make squeezes understandable to many readers who have been afraid to attempt to learn them.
