This is the first book to provide winning strategies for the small buy-in (\$100 or less) no-limit hold'em tournaments that have exploded in poker rooms all over the country-and on the Internet. The strategies for small buy-in no-limit hold'em tournaments are similar to the big-money games, but the important factors-hand value, position, aggression and others, and speed of play-cause a radical change of strategy. Snyder recounts his own experience with these methods at a win rate of almost 300% and gives readers specific strategies for winning the big money available in prizes at the hundreds of small buy-in no-limit hold'em tournaments taking place weekly around the country and on the Internet.
