isbn:9780304365876

The new edition of this outstanding book contains some new tips which reflect the changes in the game since original publication sixteen years ago. Learning from bitter experience at the bridge table is a slow, painful and often costly business. The 100 winning tips are designed to cover specific situations in bidding, play, defence, the sort of problems that arise over and over again in everyday play, and they provide a painless substitute for experience.
