Bridge isn't difficult once you've jumped the first hurdle, but that hurdle can seem imposing to anyone who hasn't a clue about card games. And the jargon can seem pretty bewildering too. This book strips away the mystery and presents the basics in a wonderfully clear and concise way. It explains everything that is needed before you can play - or even read intelligently about the game. In much less time than readers think possible, they will learn to play Bridge, the best of card games.
