"The first garlic book written specifically for organic gardeners and small-scale farmers""Growing Great Garlic" is the definitive grower's guide written by a small scale farmer who makes his living growing over 200 strains of garlic. Commercial growers will want to consult this book regularly. The author tells us: which strains to plantwhen to fertilizewhen to plantwhen to prune flower stalkshow to plantwhen to harvestPlus, how to store, market, and process the crop."Growing Great Garlic" makes a genuine contribution in the field of garlic classification that will help the public recognize several distinct varietal types of garlic.
