The Month-by-Month? guides offer valuable advice on the proper timing of garden maintenance for each month. "Month-by-Month? Gardening in Indiana" is one of the first titles of the redesigned series from Cool Springs Press. Top features include: 4-color photography and line drawing illustrations to demonstrate cultural practices. Covers all major plant categories. Specific advice for every month of the year. Updated edition includes text revisions, additional reference materials, and a new design.
