For more than thirty years Sandra Perrin has gardened year-round in Montana, learning to adapt to cold weather. Consumer demand encouraged her to update this popular gardening book, adding new hardy varieties and time-tested hints. Among other things, you will learn how to store carrots in the ground for winter harvesting, fry zucchini flowers, and ripen green tomatoes. So get ready to dig. Organic gardening is not only healthy for the body but also, in Perrin's words, "good for the soul."
