This book is part of a new genre of gardening literature presenting the spiritual side of gardening and bestowing information that aids in personal growth and awareness of the needs of the Earth as a living being. The soul, spirit, or inner-self clamours for the nurturing which can only come from a connection to the Earth that includes all living things. The book's beautiful and artistic format, along with Gaylah's open and simple style of writing, will take you on a journey to find soul in your garden. As you explore the environment, history, Feng Shui, gardening, and hundreds of interesting and unusual quotes, humour, facts, and gardening tips, you will discover ways to feed your own soul. It has resulted in a book that will be a treasure to gardening enthusiasts, environmentalists, and spiritual seekers alike.
