Written by Denney McKeown a leading gardening expert in the state of Ohio, this proven format has helped gardeners experience more success and enjoyment from their gardens. The trend in gardening books is toward regional titles, and book retailers are well aware of this. The Gardener's Guide series provides credible information on the plants that perform best in specific states. Gardeners will find information they can trust and use successfully in their own gardens. Gardening is now the favorite leisure pastime in America. Homeowners are realizing the health benefits derived from gardening, and the resulting increase in their home's property value.
