著者:Keenan, Philip E.

出版者:Workman Pub Co

出版时间:2005-7

装帧:Pap

isbn:9780881927207

Appealing to conservationists, travelers, orchid lovers, and naturalists alike, the author takes his readers on an incredible journey to pursue the 145 temperate American orchid species in their native habitats. This chatty account of his field trips in Canada and the U.S. is intended both to document many of our native species and to inspire others to respectfully explore the wealth of orchids. It includes 170 superb color photographs.
