著者:Franz, Alan Dean

出版者:Natl Book Network

出版时间:2005-2

装帧:HRD

isbn:9781589791152

Perennial Gardening in Texas presents its own unique challenges, especially with the state's wide variety of climate zones. This book focuses on individual plants - some 120 species - but also brings with it the expertise of a landscape architect in providing

designs that will work both damp and water-scarce areas.
