著者:Grossman, Warren

出版者:Consortium Book Sales & Dist

出版时间:2007-1

装帧:Pap

isbn:9781583227497

Warren Grossman interweaves his expertise as a psychologist with his natural gift for healing in this tranquil, generous acknowledgment that physical strength and emotional wellbeing are possible to grasp simply by reconnecting with the earth. Grossman's words are elegantly paced with beautiful illustrations that anchor his message: nature and love are the keys to good health.
