isbn:9781888799897

Written for physicians, knowledgeable laypersons, and other professionals, Complementary and Alternative Therapies for Epilepsy bridges the worlds of traditional medicine and CAM to foster a broader perspective of healthcare for patients. The book respects cultural differences that may incorporate alternative medicine into a medical management program, and encourages patients to safely continue receiving necessary medical treatments. Wherever possible, scientific evidence supports the choice of treatment modalities, as well as the effectiveness of a combined traditional and CAM approach. Readers will find incisive discussions in sections on: o Learning to Reduce Seizures o Asian, Herbal and Homeopathic Therapies o Nutritional Therapies o Alternative Medical Therapies o Oxygen Therapies o Manipulation and Osteopathic Therapies o Music, Art, and Pet Therapies This book is for every professional who seeks to provide the broadest range of effective patient care.
