Skin Care: Beyond the Basics, 3e is an invaluable resource for both the student and the professional esthetician seeking practical information and the latest in skin care breakthroughs. Written by one of the country's most noted skin care specialists, this text presents the most up-to-date information available on acne, aging treatment, rosacea management, sensitive skin care, and plastic surgery patient care. New information on non-invasive anti-aging programs and new ingredient technologies are presented, as well as new photos to aid in skin analysis and the identification of various conditions. The text presents numerous examples and application techniques throughout, which can be utilized in daily practice.
