Consultant and long-time FDA food and dietary supplement labeling expert James Summers offers a comprehensive guide to understanding and complying with the

dietary supplement labeling requirements of the Food and Drug Administration (FDA) in "Dietary Supplement Labeling Compliance Review, Third Edition". Available in book or searchable CD-ROM (view CD-ROM version) formats, this updated review is composed of three essential parts such as: Sections I through V consist of the introduction and how-to information; Sections VI through IX consist of the compliance step-by-step review procedure (in the form of questions and responses,) and other labeling requirements; and, Sections X through XV consist of guidance and information for decision making. Clearly illustrated with dozens of charts, sample label panels, and supplement facts boxes, this manual is the straightforward, no-nonsense tool both inexperienced and experienced dietary supplement label reviewers need to assure labeling compliance.
