

Confronting Mitral Valve Prolapse Syndrome

[Confronting Mitral Valve Prolapse Syndrome_ 下载链接1](#)

著者:Frederickson, Lyn

出版者:Grand Central Pub

出版时间:1992-8

装帧:Pap

isbn:9780446394079

The first practical guide to the nation's most common cardiac condition, written by the director of the Mitral Valve Prolapse Center of Alabama, one of the country's leading clinics for this disorder. Frederickson offers important information on the nature of the syndrome; guidance on getting a proper diagnosis, doctor, and medication; diet,

nutrition, and exercise plans; and more. Photos and line drawings.
