著者:Weisberg, Leon A.

出版者:Routledge

出版时间:1997-12

装帧:Pap

isbn:9780876308684

This new edition of Neurology for the Psychiatry Specialty Board Review, Second Edition, provides an accurate and comprehensive review of the most frequently encountered topics in the field of clinical neurology and neuroscience. The Second

Edition features all new questions and provides answers and explanations that are referenced to standard textbooks; it offers a varied testing format, including clinical vignettes and matching, true-false, and multiple choice questions. The author consulted with medical students, house-officers, and faculty members on incorporating new material. *Neurology for the Psychiatry Specialty Board Review*, Second Edition, is a thorough and indispensable tool for preparing for the board certification or recertification examination in psychiatry or neurology, for in-service training examinations, or simply as a test of the reader's knowledge of the field.
