At last, the most important guide a cosmetologist could own! Produced in cooperation with the National Cosmetology Association, this guide is chock full of simple tips, reflections and quotes: for those just starting out or seasoned professionals. For cosmetology students and recent graduates, advice has been gathered from experienced leaders in the field to ensure they stay in the industry and succeed. For professionals suffering from burn-out or who simply want to rediscover the joy that lead them to their work in the first place, this guide will help keep them on track and passionate about their work.
