装帧:Pap

isbn:9781575662268

Its been used as a cure-all for thousands of years--a phenolic compound known as Oleuropein, extracted from the leaves of olive trees. It strengthens the body's immune system, and much more. The first book on this all-natural healer, this authoritative guide is filled with astounding case histories, testimonials, and documented studies of diseases that were not only prevented and stabilized, but actually cured.
