著者:Daniel Kuhn

出版者:Hunter House

出版时间:2003-03-27

装帧:Paperback

isbn:9780897933971

This edition includes the latest information on Alzheimer’s risk factors, treatments, and prevention, as well as a new chapter, "Voices of Experience," composed of reflections by family members. It also provides information about new drugs approved since 1999 and the federal government’s decision to cover counseling and other health-related services through Medicare.
