出版者:Springer Verlag

出版时间:1998-1

装帧:Pap

isbn:9780306455476

This highly readable volume presents a concise but comprehensive overview of all that is known about autism, including its history, diagnosis, biological causes, neuropsychological mechanisms, and treatment. The authors offer an up-to-date review of the most current literature, summarized and organized in a manner that makes it accessible to everyone from clinicians to parents.
