Through the wonder of three-dimensional ultrasound, mothers-to-be can literally watch their babies develop right before their eyes. Now in this fully illustrated and astonishing journey, you can witness a baby's progress throughout the approximately 280 days of pregnancy. Inside you'll find

- a day-by-day view of the normal course of a baby's growth and behavior
- the current facts on how babies develop, when they acquire abilities, and how they respond to their environment
- advice on how to interact with your baby during pregnancy
- tips on keeping your growing baby safe in his or her surroundings

- essential information about pre-natal exams, routines, and procedures

From trimester to trimester, this reassuring volume provides expert guidance on experiencing a happy, healthy, and stress-free pregnancy.
