isbn:9781844090983

Instructors who have had to create their own study guides will welcome this interactive teaching tool, and students will appreciate the thoughtful design with room for notes and links to images and pages in the companion volume to the "Encyclopedia of Thai"

"Massage. "Although workbooks have long been available for other kinds of massage, this is one of the first developed for students and teachers of Thai massage. It includes an overview of the basic course of classic Thai massage routines, which is supplemented with an advanced course.
