装帧:Pap

isbn:9781562534608

This first-of-its-kind guide will show nail salon owners and managers how to transform common hand and nail services into the therapeutic beauty treatments vital to the spa experience. Learn how to integrate these upscale services into salon or day spa menus

as a means of keeping pace with latest industry trends, promoting client satisfaction, and increasing revenue. Spa owners, manicurists, and skin care professionals alike will benefit from the knowledge and advice this book has to offer.
