## The Book the CIA Doesn't Want You to Read

Gary Berntsen, the CIA's key commander coordinating the fight against the Taliban forces around Kabul, comes out from under cover for the first time to describe his no-holds-barred pursuit—and cornering—of Osama bin Laden, and the reason the terrorist leader escaped American retribution. As disturbingly eye-opening as it is adrenaline-charged, Jawbreaker races from CIA war rooms to diplomatic offices to mountaintop redoubts to paint a vivid portrait of a new kind of warfare, showing what can and should be done to deal a death blow to freedom's enemies.
