著者:Sean Wilentz

出版者:W. W. Norton & Company

出版时间:2006

装帧:Paperback

isbn:9780393329216

Going against prevailing historical fashion, Sean Wilentz delivers a long, exhaustive survey of political machinations, both grand and minute. Though he forays into social and cultural history, the bulk of *The Rise of American Democracy* is a blow-by-blow account of what happened in the corridors of young America with a "house divided." Wilentz, author of *Chants Democratic* (1984) and professor of history and director of the American studies program at Princeton University, tells this compelling story with precision and poise, but reviewers question whether anyone but scholars will slog through the 1000-page tome. Within academic halls, at least, this impressive volume is certainly eligible to be the definitive synthesis of the era.

作者介绍:

Robert Sean Wilentz is the Sidney and Ruth Lapidus Professor of History at Princeton University, where he has taught since 1979.
