In addition to exploring women's relationship to the war in each of the main protagonist states, the book also looks at the wide-ranging effects of the war on women in Africa, Asia, Australia, New Zealand and North America. Topical in its approach, the book highlights: The heated public debates about women's social, cultural and political roles that the war inspired. Their varied experiences of war. Women's representation in propaganda. Their roles in peace movements and revolutionary activity that grew out of the war. The consequences of the war for women in its immediate aftermath.
