著者:Rector, John L.

出版者:Greenwood Pub Group

出版时间:2003-11

装帧:HRD

isbn:9780313317590

This book provides an up-to-date historical overview of this complex and fascinating country. Beginning with a survey of the land, people, and current government, the book then traces Chile's chronological story. Ten chapters detail Chilean history from the indigenous peoples to the democratic transition after the Pinochet dictatorship. Chile is more than 2,600 miles long but averages a width of only 110 miles. It contains the driest desert in the world, the highest mountain range in the hemisphere, temperate rainforests, and a piece of Antarctica. In all of these areas, Chileans have fashioned unique communities and, together, a vibrant nation. Chile's history mirrors its geographical variety. From its pre-colonial period to its days as a Spanish colony and its many independent governments, Chile has long been a land of crises and controversy. Yet it is also a land filled with valuable resources--most famously copper--that have yielded great wealth. "The History of Chile" provides an up-to-date historical overview of this complex and fascinating country. Beginning with a survey of the land, people, and current government, the book then traces Chile's chronological story. Ten chapters detail Chilean history from the indigenous peoples to the democratic transition after the Pinochet dictatorship. Also included are biographical sketches of notable persons in Chilean history, a glossary of selected terms, and a bibliographical essay that discusses the best sources for further reading. This is the perfect starting point for students and general readers interested in the history and people of Chile.

看正文后面的参考和推荐书目，就知道这是本认真的历史书。通俗浅显、脉络清晰、尽量平衡，是适合英文读者的扫盲读物。这本简史的成功，当然跟智利发达的史学传统也密不可分。殖民时期和冷战时期是最多故事的两个阶段，我也总算把Allende和Pinoche

t的顺序给整明白了，当然还有看到《智利说不》那段的时候真兴奋啊
