著者:Hufton, Olwen

出版者:Blackwell Pub

出版时间:2001-2

装帧:Pap

isbn:9780631213819

This book is an updated and revised edition of a classic introduction to one of the key periods in modern European history. Olwen Hufton not only illuminates the complex and significant events of the first era in which modernity is recognisable but provides the essential background to the revolutionary period that followed.
