In this ground-breaking new study, Jacques Le Goff, arguably the leading medievalist of his generation, presents his view of the primacy of the Middle Ages in the development of European history. "[A] superb and necessary book. This provocative assessment from a lifetime of scholarship might help us to place ourselves, not just territorially, but in that other precious element of history: time." The Guardian "A book that never fails to be informative, readable and provocative. Le Goff... has been the bravest and best of champions for medieval history. This book... is in every sense an inspiration." BBC History Magazine Praised by prominent figures in Europe and history including: Rt Hon Christopher Patten, CH, Former Member of the European Commission, and Neil Kinnock, Vice-President, European Commission.

评论

民族大迁徙和欧洲中世纪的史实，作者都没有详尽考察和展开，另外基督教思想和王朝变更方面的探讨也很贫乏，仅可作为入门读物
