

# Europe and the Making of Modernity

[Europe and the Making of Modernity\\_ 下载链接1](#)

著者:Robin W. Winks

出版者:Oxford University Press, USA

出版时间:2005-04-07

装帧:Paperback

isbn:9780195156225

This brief textbook chronicles the political, economic, and social changes that revolutionized Europe during the nineteenth century. Designed to allow professors to assign supplemental readings of their choice, and including chronologies, supplemental reading lists, maps, and illustrations for ease of reference, this book is the perfect choice for any undergraduate course on 19th-Century European history.

## 评论

Winks analyzed ideological and material factors contributing to European modernity, which he defined as nation, industry, democracy and progress. This period entails dramatic turbulence, which I (in 2016) can relate to. Some history is brutal, but looking from a distance makes me appreciate the strength of humanity (dialectical POV of history?).
