著者:Jonathan B. Losos

出版者:Princeton University Press

出版时间:2013-12

装帧:Hardcover

isbn:9780691149776

The Princeton Guide to Evolution is a comprehensive, concise, and authoritative reference to the major subjects and key concepts in evolutionary biology, from genes to mass extinctions. Edited by a distinguished team of evolutionary biologists, with contributions from leading researchers, the guide contains more than 100 clear,

accurate, and up-to-date articles on the most important topics in seven major areas: phylogenetics and the history of life; selection and adaptation; evolutionary processes; genes, genomes, and phenotypes; speciation and macroevolution; evolution of behavior, society, and humans; and evolution and modern society. Complete with more than 100 illustrations (including eight pages in color), glossaries of key terms, suggestions for further reading on each topic, and an index, this is an essential volume for undergraduate and graduate students, scientists in related fields, and anyone else with a serious interest in evolution.

- Explains key topics in more than 100 concise and authoritative articles written by a team of leading evolutionary biologists
- Contains more than 100 illustrations, including eight pages in color
- Each article includes an outline, glossary, bibliography, and cross-references
- Covers phylogenetics and the history of life; selection and adaptation; evolutionary processes; genes, genomes, and phenotypes; speciation and macroevolution; evolution of behavior, society, and humans; and evolution and modern society

作者介绍:

Jonathan B. Losos is the Monique and Philip Lehner Professor for the Study of Latin America and professor of organismic and evolutionary biology at Harvard University.

David A. Baum is professor of botany and director of the J. F. Crow Institute for Evolution at the University of Wisconsin.

Douglas J. Futuyma is Distinguished Professor of Ecology and Evolution at Stony Brook University.

Hopi E. Hoekstra is the Alexander Agassiz Professor of Zoology at Harvard University.

Richard E. Lenski is the John A. Hannah Distinguished Professor of Zoology at Michigan State University.

Allen J. Moore is professor of genetics at the University of Georgia.

Catherine L. Peichel is an associate member of the human biology and basic sciences divisions of the Fred Hutchinson Cancer Research Center.

Dolph Schluter is professor of zoology and Canada Research Chair at the University of British Columbia.

Michael J. Whitlock is professor of zoology at the University of British Columbia.
