This unique primary source reader provides first-hand accounts of the events

described in Middle Eastern history survey texts. The text is organized into ten chapters featuring chapter introductions and headnotes. The primary source documents cover the late 18th through the 20th centuries, exploring political, social, economic, and cultural history and infusing the volume with the voices of real people.

资料太一手了，如果没有背景知识，很难从这本书get到现代中东初期的社会政治全貌。亮点是相关人物全面，以及伊朗部分。
