"In recent years the discussion of imperialism has become so compartmentalized that it is difficult for somebody who is not directly involved to put the often polemical discussion and the various scientific and political positions forward into a relevant context. Mommsen's survey is an excellent guide."--"German Studies," on the German edition.

""Theories of Imperialism" is the most succinct, fairest, and most sophisticated statement I have seen of the range of theories of imperialism. Each set of theorists is come at in their own terms, described fairly, and summarized fully. The book is objective, readable, and short."--Robin W. Winks, Yale University

我相信帝國主義研究裡無法找到比這部小書更短而又更精辟的理論總結了。可惜年份有點舊，較新的研究沒有觸及。
