This study assembles the evidence for the existence of sorcerors in the ancient world, as well as addressing the question of their identity and social origins. The resulting investigation takes us to the underside of Greek and Roman society, into a world of wandering holy men and women, conjurors and wonder-workers, and into the lives of prostitutes, procuresses, charioteers and theatrical performers. This reconstruction of the careers of witches and sorcerors allows us to see into these obscure areas of Greco-Roman life.

如何定义magic，一直是个问题。与其费心寻找一个广义的magic，不如探究不同时空下不同文明形成magic概念的社会文化环境，故不如探究magicians。在此书中最大的收获是，了解到magicians的各种身份和他人对其的看法。另外，Dickie应该属于nomin alist？
