The history of scholarship has undergone a complete renewal in recent years, and is now a major branch of research with vast territories to explore; a substantial introduction to "History of Scholarship" surveys the past vicissitudes of the history of scholarship and its current expansion. The authors, all specialists of international standing, come from a variety of backgrounds: classical studies, history of religions, philosophy, early modern intellectual and religious history. Their papers illustrate a variety of themes and approaches, including Renaissance antiquarianism and philology; the rise of the notion of criticism; Biblical and patristic scholarship, and its implications for both confessional orthodoxy and eighteenth-century free thought; the history of philosophy; and German historiographical thought in both the eighteenth and the nineteenth centuries. This challenging volume constitutes a collection of remarkable quality, helping to establish the history of scholarship as a more broadly acknowledged, worthwhile field of study in its own right.

作者介绍:

Edited by Christopher Ligota, Honorary Fellow, Warburg Institute, School of Advanced Study, University of London, and Jean-Louis Quantin, Professor of the History of Scholarship, École Pratique des Hautes Études, Sorbonne, Paris

Contributors:

Christopher Ligota and Jean-Louis Quantin (Honorary Fellow, Warburg Institute, School of Advanced Study/Professor of the History of Early Modern Scholarship, École Pratique des Hautes Études (Sorbonne), Paris)
