For the ancient Egyptians, the Middle Kingdom (c. 2000-1700 BC) was a classical period of art, history and literature. The Twelfth Dynasty was one of the strongest ever to rule on the banks of the Nile: some of its kings were later worshipped as local gods, and were made famous by classical Greek authors. Yet Egyptologists tend not to look beyond the extraordinary royal sculpture and literary masterpieces of the time. Although the picture is fragmentary, as with any archaeological record, the last two hundred years of exploration and excavation have revealed much of the splendour of the period. This book examines the evidence for the culture, history and society of both central and provincial Egypt at the time, revealing the wealth of the entire country. Too often overshadowed by the better-preserved architecture of other periods, "Middle Kingdom Egypt" emerges for the reader as a fascinating age in its own right.

各方面介绍的都比较笼统，可能是中王国时期的史料还是太少的缘故吧。

-----  
其实我觉得整本书的结构并不是那么好，第三部分对于Middle Kingdom整体社会阶级的介绍有一点过于笼统。
