出版者:Routledge

出版时间:2005-4-14

装帧:Hardcover

isbn:9780710309945

This text, the first English translation of the Ethiopic version of a Christianized Buddhist legend, will certainly be of interest to any reader with a penchant for the unusual or an appetite for the abstruse. The book also contains descriptions of the Syriac, Arabic, Hebrew, Persian, Armenian, Georgian, Greek, Latin and Western European versions of the story. Budge's clear translation is a delight to read and is supplemented by numerous illustrations.
