

A History of Foreign Language Testing in the United States

[A History of Foreign Language Testing in the United States](#) [下载链接1](#)

著者:David Patrick Barnwell

出版者:Bilingual Review Press

出版时间:1996-9-1

装帧:Paperback

isbn:9780927534598

This represents the first comprehensive survey of how foreign language testing has evolved over the years. From the basic concepts and use of language testing to its evolution into a legitimate focus for specialization, this traces development in the field and also predicts future trends based on technological advancements. Any studying either language or bilingual and multicultural issues will find this an important survey.
