著者:Alice Kessler-Harris

出版者:Oxford University Press, USA

出版时间:2003

装帧:Paperback

isbn:9780195157093

First published in 1982, this pioneering work traces the transformation of "women's work" into wage labor in the United States, identifying the social, economic, and ideological forces that have shaped our expectations of what women do. Basing her observations upon the personal experience of individual American women set against the backdrop of American society, Alice Kessler-Harris examines the effects of class, ethnic and racial patterns, changing perceptions of wage work for women, and the relationship between wage-earning and family roles. In the 20th Anniversary Edition of this landmark book, the author has updated the original and written a new Afterword.
