出版时间:2002-02-21

装帧:Paperback

isbn:9780195116380

This work collates over 100 primary-source documents for students of the history of opera. The varied selections - which include letters, excerpts of journals, bits of libretti, and contemporary criticism - provide eye-witness commentary on the world of opera from its late-Renaissance infancy through modern times. Each selection is introduced by an extensive headnote that both explains the document's context and positions it in the book's overall narrative.
