As a veteran campaigner, the Byzantine emperor Maurice (582-602) compiled a unique and influential handbook intended for the field commander. In this first complete English translation, the Strategikon is an invaluable source not only for early Byzantine history but for the general history of the art of war. Describing in detail weaponry and armor, daily life on the march or in camp, clothing, food, medical care, military law, and titles of the Byzantine army of the seventh century, the Strategikon offers insights into the Byzantine military ethos. In language contemporary, down-to-earth, and practical, the text also provides important data for the historian, and even the ethnologist, including eyewitness accounts of the Persians, Slavs, Lombards, and Avars at the frontier of the Empire.

作者介绍:

Editor of the definitive Greek text of the Strategikon, George T. Dennis is the editor and translator also of Three Byzantine Military Treatises and The Letters of Manuel II Palaeologus. He is Professor Emeritus of History, The Catholic University of America.

## 评论

可惜汉语译本出的太晚，人们对于拜占庭军事的误解真是太多太多了
